Estate Finish Mower

Estate Rakes

Estate Trimmers

The ESTATE ROUGH CUT MOWER is designed to mow areas of heavy growth. Large heavy weeds, overgrown grasses, 1st year saplings, and other wild plants. The rough cut mower is also great at cutting standing garden plants for composting into the ground. With a minimum of maintenance the rough cut mower will give many years of trouble free service. The industrial/commercial quality engine has ample power to cut and chop unsightly growth and groom most hard to keep areas.
