

ATV SUPER HAULER

Hunting, Camping, Fencing, Feeding,
Landscaping, Calving, Firewood
All purpose

Tailgate pivots from top or bottom

*Off road use only
Not intended for passengers
Not suitable for highway use*

Ball Connector

Removable Racks

Tongue is adjustable to level load

*8 cubic feet
21.3 cubic feet
with racks*

Walking beam suspension

4 bolt high speed hubs

High floatation ATV tires

*Will Accept Skid Mounted
Sprayer without Modification*

1,250 lb. load capacity

Tilt bed aids in unloading

*Transport heavy loads
on rough terrain*

2 wheel trailers with high floatation tires will bounce like they are riding on basketballs. The heavy duty 4 wheel WALKING BEAM suspension removes the bouncing and the trailer hugs the ground like a sled.

- Low center of gravity
- Low speed use only
- Standard components for serviceability

Spray when you need it, not when someone can get to it. Spraying at the ideal time is much more effective than waiting to get the hard spots done, plus you will know that all areas are done right. "not just easy spots"
For information see your dealer or phone 605-229-0283.

Available as a skid mounted unit to be used with the Super Hauler.
